

# Experience Designer

Our Designers are makers and storytellers that use design to bring ideas to life. They lead projects into uncharted creative territories without blinking. They're design fundamentalists, but approach projects with rational and innovative mindsets. They extend visual language, always mindful of how it looks and how it works.

Here's what you should know if you want to be a Designer at R/GA:

## On any given day you might

- Collaborate with various disciplines and levels to create transformative visuals for top-tier brands
- Manage the execution of assets, typography, logos, icons and interfaces for multiple platforms
- Take ownership of work streams and collaborate openly across disciplines
- Solve problems with innovative visual solutions

## The ideal person

- Is a design fundamentalist that knows the rules, but knows how to bend and break them to create innovative solutions
- Embraces challenges and new methods of thinking
- Simultaneously thinks about the big picture and the micro-level details
- Has a strong portfolio with engaging designs

## You bring

- 3+ years' experience designing for the web and mobile
- Formal design training
- Proficiency in Mac OSX, InDesign, Illustrator, Photoshop, Microsoft Office and Acrobat

## Bonus points

- If you have experience with Flash and web applications
