Overview

Live design? Work with us.

There's more to design than meets the eye. Or at least, there should be. Great design isn't just visually pleasing; it's what makes an experience feel just right – so beautifully considered you couldn't imagine it being any other way. At DigitasLBi, we create magical digital experiences, for some of the world's biggest and most interesting brands. To help us do it, we need designers who use their brains and souls just as much as their eyes.

We're on the lookout for an uncommon Experience thinker. One, who lives and breathes design, has an uncanny sensitivity for the user's needs, and a deep appreciation for the nuances of a brand. We want someone who will push an experience as far as it can go – from 'it can work' to 'it's Cannes work'.

What you'll bring...

This is a role for an experienced designer, adept in all aspects of the craft. You'll need a discerning eye for detail, the presence and personality to make your voice and ideas heard in a busy, blended and bustling team, and you'll be eager to show what you can do when let loose on a brief.

We're looking for an accomplished practitioner, with a portfolio full of work that sets the bar in terms of ideas and craft. If that's you and you're keen to see just how far you can go, we're committed to taking you there.

What you'll do...

As part of our Creative department in Sydney, you'll:

- ◆ Work alongside an extraordinary team of fellow designers, writers, Visual Designers and strategists.

- ◆ You won't be satisfied until your craft shines through in the finished product – from stunning surface to satisfying core.
- ◆ Apps, services, websites, campaigns, installations: our work covers the entire spectrum of branded experience, and you'll have the opportunity to make sure each and every example is a masterpiece, from pitch to execution.
- ◆ You'll gain valuable experience on a wide range of projects and client sectors, from travel and automotive to finance and health.

What you'll get...

In addition to a competitive salary, and the abundant opportunities that come from being an intrinsic part of one of the world's biggest and most respected agencies, you'll enjoy all the perks of our place like no other:

- ◆ An enviable setting in the heart of Sydney's creative landscape;
- ◆ Regular design surgeries to help you develop your craft even further;
- ◆ A close-knit team culture with myriad opportunities to socialize, not least in our own café
- ◆ Shared space with a host of other Publicis Groupe brands
- ◆ Opportunities aplenty in our wider global network, spanning 40 offices worldwide.

The endless combinations of backgrounds, values, abilities, cultures, personalities, preferences and skills makes our work better because of our diverse team.
